# SET-UP

# SET-UP IN MINUTES

1

Wind down the corner steady supports

2

Unclip the OPUS® roof lids and unfold

3

Press the button to start tent inflation

4

Set-up complete

**The integrated pump automatically inflates the Air OPUS® tent in under two minutes!**

With **OPUS®** setting up struggles are a thing of the past. A simple 4 step process means that you will be set-up in a matter of minutes meaning more time to sit back and enjoy your adventure.

# AIR BEAM TECHNOLOGY

**The Air OPUS® utilises our patented air beam technology, so that the camper tent can fully inflate at a touch of a button.**

The triple layer technology ensures extra durability & reliability for your camping adventures. The air beams are much stronger than poles, whilst being much less hassle and weight too.

We're so confident with this amazing technology that the air beams in your **OPUS®** come with a 2 year guarantee.

# INTERIOR

# OVERVIEW

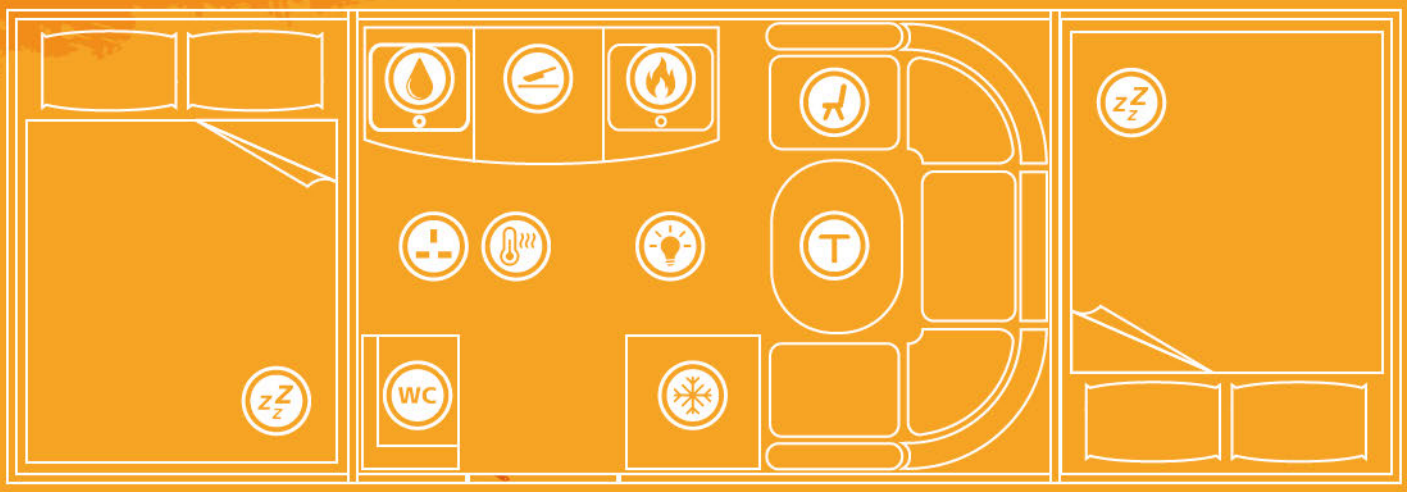

**The Air OPUS® has been designed for use in all seasons, come rain or shine you'll have a spacious and comfortable base to return to after your adventures.**

Don't let its compact stature fool you, the **OPUS®** is filled with clever features that make your adventures that little bit more special!

- **Fixed double bed areas**
  With inner privacy tents

- **LED lighting***
  12v powered & dimmable

* Optional extras

**With over 50 customisable options creating your unique OPUS® has never been easier!**

# KITCHEN

**Cook in style!**

Just because you are away from home, doesn't mean you can't still cook great meals. The **OPUS®** is kitted out with a fully functioning kitchen along with plenty of storage.

**Double burner gas hob**
Stainless steel design with a glass lid for extra worktop space when it's not in use. Each burner has a temperature control dial with piezo ignition.

**Stainless steel sink**
The sink has external drainage and a tap connected to an external pump for running water.

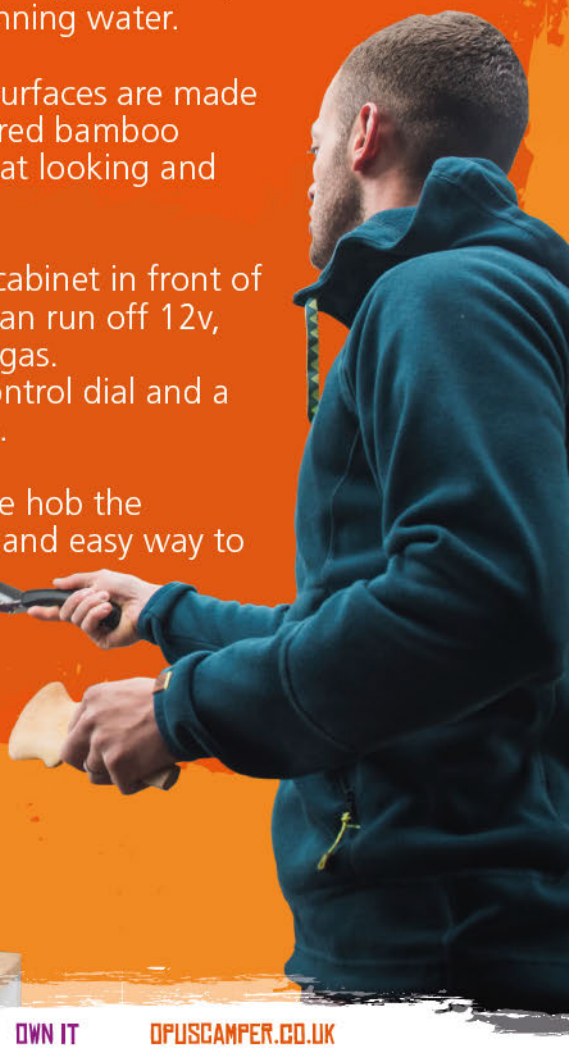

**Work surface**
All of the **OPUS®** work surfaces are made out of precision engineered bamboo providing you with a great looking and hard wearing finish.

**3 way fridge***
Mounted on top of the cabinet in front of the kitchen. The fridge can run off 12v, 230v electrics as well as gas.
There's a temperature control dial and a custom bamboo top too.

**Microwave***
Mounted underneath the hob the microwave adds a quick and easy way to cook in your **OPUS®**.

* Optional extras

# SLEEPING+SEATING

**The leatherette seating and engineered bamboo table is a perfect place to relax for your evening meal, a game of cards or a drink or two, and finish the night off by drifting off into a peaceful slumber in one of the comfortable beds.**

### Fixed double bed areas

The **OPUS®** has two fixed double bed areas at either end of the camper, both with inner privacy tents. The bed area has storage compartments along with a large panoramic window.

### Leatherette seating area

With comfortable leatherette surround seating and a demountable table, there's plenty of room for everyone to sit down for the evening meal together. The seating area can be converted into a third double bed, meaning there is room for up to six people to sleep in comfort

# LIGHTING

### LED Lighting*

Light up your evening with bright LED lighting. The lights are energy efficient and can be dimmed to provide some extra ambience and can be fitted to both the main tent and the Air Awning.

* Optional extras

# POWER

**230v & 12v electrics**
Phone battery running low or need to cool your drinks to enjoy on a warm summers day? The **OPUS®** has 230v & 12v sockets throughout so you'll never be without your home comforts.

# HEATING

**Toasty = 24/7**
The electric heating system keeps things toasty even when the temperature outside drops, which means you can head out for adventures any time of the year.

# SOUND + VISION

**Fusion Sound System***
Music lover? Enjoy amazing sound with a bluetooth Fusion head unit and x2 marine speakers built directly into your **OPUS®**. Simply install the Fusion app and connect your mobile device via bluetooth. The Sound System also makes the perfect addition to our Cinema System, providing surround sound whilst watching your favourite movie under canvas!

**Cinema System***
The Cinema System includes a high specification battery powered projector and an integrated pull up screen, so you can watch HD movies whether you're hooked up to mains or not. The projector allows video input via USB, MicroUSB, AV/VGA, HDMI plus it's WiFi enabled.

* Optional extras

# STORAGE

**S Under seat storage**
Under the leatherette seating area lies 5 cupboards, these can be used to store a microwave, and some of the seat cushions whilst packed down with plenty of space to spare.

**D Over heater drawer**
Above the built in heater is a handy slide out drawer, great for all of your important bits.

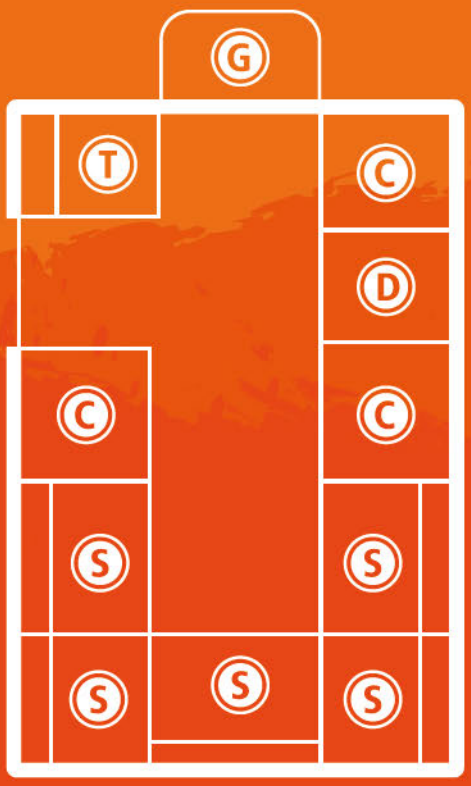

**C Under counter storage**
Beneath the kitchen and fridge surfaces a further 3 cupboards can be found.

**T Toilet storage**
This flip up lidded compartment can be used to store the portable toilet whilst in transit.

**G Gas locker storage**
This external storage locker can be used to store weather resistant items such as corner steady winders or covers for your OPUS whilst in use.

**B Bed pod storage**
If you're not utilising all of the bed pod sleeping areas these can also make very handy storage areas for larger items.

**Whether you're storing bedding, camp chairs or dinner for the family there plenty of cupboards, drawers, nooks & crannies for everything and anything.**

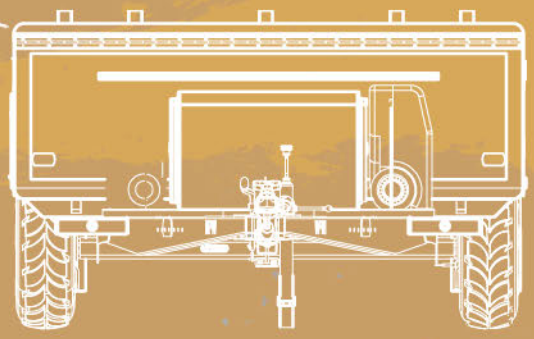

# EXTERIOR

# OVERVIEW

**The AIR OPUS® has been designed for use in all seasons, come rain or shine, you'll have the perfect base to relax in after a day full of adventures!**

- **Strong yet lightweight aluminium frame**
  Strength and rigidity whilst saving weight
- **Lightweight canvas AIR tent**
  With panoramic windows and 2.5 metres of headroom
- **Load carrying roof for all occasions**
  Bring anything from bikes & kayaks to the kitchen sink!
- **Braked trailer with 13 pin electrics**
  Charge you leisure battery whilst you tow with ease

## MADE IN BRITAIN

**OPUS® is proud to be a member of Made in Britain.**

The Made in Britain marque was created to help buyers at home and abroad identify and choose British made goods. We are proud to display the marque; with our workshop based in rural Suffolk we have a dedicated team whom take pride in assembling each individual **AIR OPUS®** to customer specifications. This allows us the flexibility to customise many options on the camper, but also gives us pride in our workmanship.

**Our AIR OPUS® campers are designed and manufactured specifically to ensure maximum strength, longevity and ease of use whilst keeping overall weight to a minimum.**

# CONSTRUCTION

**Strong yet lightweight aluminium frame**
The external aluminium frame of the **AIR OPUS®** has huge weight saving benefits, yet provides rigidity and strength.
The inset panels also constructed from polycarbonate are fully insulated to maximise internal warmth for those chilly nights away!

**Lightweight canvas AIR tent**
The **OPUS® AIR** tent has been tested to withstand the elements. We use advanced triple layer technology in our **AIR** tubes to create the most durable product on the market; tested on a Cornish cliff face to withstand brisk winds.

# TOWING

**Braked trailer with 13 pin electrics**
The 13 pin electrical system allows the leisure battery to charge whilst driving and will even keep your fridge cool! Due to the **AIR OPUS®** being lightweight and the trailer being braked, towing is completely hassle free!

# CHASSIS OPTIONS

**900kg**
900 Giving you 100kg payload

**1050kg**
1050 Giving you 250kg payload

**1250kg**
1250 Giving you 450kg payload

**1500kg**
1500 Giving you 700kg payload

The **AIR OPUS®** uses a German engineered and built AL-KO A-Frame Chassis which complies with European Type Approval.
**The overall weight is just 800kg!**
We then offer 4 different chassis rating options depending on the category of your driving licence and your desired payload. Our most popular rating is 1050kg, leaving a 250kg payload for everything you need for all your personal items and adventure gear.

# ROOF CARRYING

**Load carrying roof for all occasions**
Two reinforced lids and a universal racking system make **OPUS®** the perfect load-carrying platform for bikes, boats, kayaks and more. We have teamed up with Thule Sweden to give you options for all occasions.

SPACE

# OVERVIEW

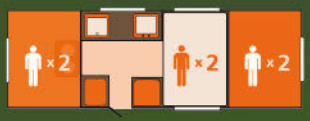

**Whether adventuring solo, with family, friends or all of the above OPUS® can be configured to sleep up to 10 happy campers with the space to store enough food and drink for them all and more!**

# SLEEP UP TO 10 FEED THE 5000

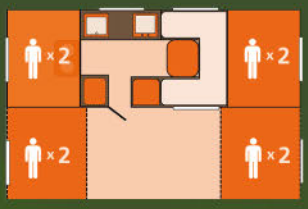

The **OPUS®** Camper itself will sleep 6, 4 in the 2 fixed double beds as well as 2 in the converted seating area. The addition of the optional AIR Awning will allow you to sleep up to 10.

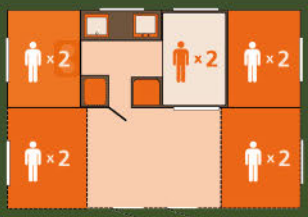

**4 berth**
2 Fixed double beds

**6 berth**
2 Fixed double beds
Converted seating area

**8 berth**
2 Fixed double beds
2 awning bed pods

**10 berth**
2 fixed double beds
Converted seating area
2 awning bed pods

# SIDE SKIRTS

Expand your storage with our custom made **OPUS®** side skirts. Made from the same poly-cotton material as the **OPUS®** AIR Tent the side skirts conveniently zip onto the bottom of the main tent. Each of the side skirts have zipped section where you can access all of your treasures.

**Side skirts**
Including:
- **Pair of side skirts**
- **Rear skirt**

# AIR AWNING

Our AIR Awning is custom made and designed to compliment the shape and style of the **AIR OPUS®** itself. It's incredibly fast to set up and pack down, using the same triple layer AIR beam technology as the main canvas.

The AIR Awning adds a large additional living space and two inner bedrooms transforming your **AIR OPUS®** to a 10 berth camper. Meaning enough space for you, your kids, both sets of grandparents (in-laws optional) and whoever else you might want to come along.

**Complete Awning**
Including:
- **Main Awning**
- **Pair of Inner Bed Tents**
- **Removable Ground Sheet**
- **Front Skirt**
- **Straps, pegs & fixings**

Optional extras:
- **LED Lighting**

# AIR SUN CANOPY

Our AIR Sun Canopy is custom made to quickly easily extend the living area of your **AIR OPUS®**. The AIR Sun Canopy is an absolute breeze to set-up, using AIR beam technology it inflate in minutes, offering a massive area to get you out of the sun (or rain) and back to enjoying your adventure.

**Sun Canopy**
Including:
- **Main Canopy**
- **Straps, pegs & fixings**

Optional extras:
- **LED Lighting**

# AIR WIND BREAK

**Wind Break Set**
Including:
- **2 large panels**
- **2 small panels**
- **Straps, pegs & fixings**

Optional extras:
- **Additional large panel**

Our AIR Wind Break expands your **OPUS®** experience by extending your outside space. The AIR Wind Break set comes complete with 4 panels, 2 large (2.4m long) and 2 small (1.2m long) which can give you up to 7.2m² of extra space! These panels can be zipped together in any configuration desired and inflated using your built-in **OPUS®** pump or the included hand-pump. You can extend your space even further with additional large panels.
